## II. CERTIFICATION BASIS

### 1. EASA Certification Basis

The following EASA airworthiness standards are:

- EASA Certification Specifications 25, Amendment 8 – Large Aeroplanes except paragraph 25.795, at Amendment 9, except CS 25.795(b)(3)(iii).
- EASA Certification Specification 25.851 (a) and (c) at Amendment 17 for the installation of halon free handheld fire extinguisher.
- EASA Certification Specifications AWO, Initial Issue – All Weather Operations
- EASA Certification Specifications and Acceptable Means of Compliance for Airborne Communications, Navigation and Surveillance CS ACNS Initial Issue dated 17 December 2013, Subpart D Sections 2/3/4

- For type A+ emergency exit installation (see also ESF D-39), the following CS are applicable at amendment 20:

CS 25.561(c), 25.601, 25.603(a)(b)(c), 25.605(a)(b), 25.789(a), 25.0795(d), 25.801(a)(d), 25.0803(a)(c), 25.0807 (a)(7)(g)(i)(f), 25.809, 25.810(a)(1), 25.0811(d)(2)(g), 25.812(h)(k), 25.0813, 25.853(a), 25.869(a)(3), 25.901(c), 25.1301(a)(1)(2)(3), 25.1309(a)(b), 25.1411(c)(d), 25.1415(a)(b)(c), 25.1438, 25.1501, 25.1561(a)(d)(e), 25.1701(a), 25.1703(a)(b)(c), 25.1705(a), 25.1707(a)(d)(l), 25.1709(a)(b), 25.1711(a)(c)(d)(e), 25.1713(a)(c)

For mixed configurations involving Type A, C and A+ emergency exits, except CS 25.795(d) and 25.803(a)(c), the applicable CS may continue to be applied at an amendment that was applicable before the installation of type A+ emergency exits if the area is not affected by the type + installation.

- For modification 114946 installation or changes to the cowling or nacelle skin:  
CS 25.1193(e)(4)(f) amendment 22
- For modification 116832 or changes to the emergency locator transmitter distress tracking and antenna installation: CS-ACNS issue 3, Subpart E Section 3.

- The following part of the certification basis constitutes the minimum required safety level of CS 25.571 amdt 8.

For changes that affect or introduce fatigue critical structures CS 25.571 amdt 8 applies, plus:

1. For structures susceptible to widespread fatigue damage (WFD):
  - a. WFD evaluations must substantiate freedom from WFD up to the limit of validity (LOV);
  - b. Inspections and other maintenance actions upon which the LOV is dependent must be established and submitted to EASA for approval;
2. The list of fatigue critical modified structures (FCMS) must be developed or amended as necessary and made available to aircraft operators as part of the ICA of the change;
3. The baseline corrosion prevention and control programme must be amended or supplemented to address the influence of the change on the effectiveness of the programme, as necessary.

Note 1: Points 1 and 3 do not apply to changes introduced by STC.

Note 2: Points 1, 2 and 3 do not apply to repairs.

Note 3: CS 25.571 amdt 19 or later does not include the above exceptions for STC and repair applicants any longer.

Note 4: This TCDS entry does not invalidate the 21.A.101 process by which a later CS 25.571 amendment may become applicable.

For changes that affect or introduce fatigue critical structures CS 25.571 amdt 13 applies, plus:

1. For structures susceptible to widespread fatigue damage (WFD):

- a. WFD evaluations must substantiate freedom from WFD up to the limit of validity (LOV);
- b. Inspections and other maintenance actions upon which the LOV is dependent must be established and submitted to EASA for approval;

2. The list of fatigue critical modified structures (FCMS) must be developed or amended as necessary and made available to aircraft operators as part of the ICA of the change;

3. The baseline corrosion prevention and control programme must be amended or supplemented to address the influence of the change on the effectiveness of the programme, as necessary.

Note 1: Points 1 and 3 do not apply to changes introduced by STC.

Note 2: Points 1, 2 and 3 do not apply to repairs.

Note 3: CS 25.571 amdt 19 or later does not include the above exceptions for STC and repair applicants any longer.

Note 4: This TCDS entry does not invalidate the 21.A.101 process by which a later CS 25.571 amendment may become applicable.
